SCOPE OF WORK:

The Contractor shall design, develop, manufacture, deliver and install a Versatile, High Precision Stereoscopic Point Transfer Device technically in accordance with items 1, 2, and 5 of the Contractor's proposal No. 552 submitted by letter dated 30 March 1963 as amended by letter dated 24 May 1963, with the exceptions listed below. The Contractor's proposal is incorporated herein by reference.

EXCEPTIONS TO THE CONTRACTOR'S PROPOSAL:

- (a) The film loop to be provided in the unit is 16-foot length. It is anticipated that the parties shall promptly negotiate to increase the size of the loop, probably to a 20-foot size.
- (b) The control panel of the unit will be changed to a remote unit and the scanning drive control will be modified to permit either left or right hand operation.

DELIVERABLE TIEMS:

1. Versatile, High Precision Stereoscopic Point Transfer Device

1 each

- 2. Interim Progress Reports shall be submitted bimonthly in quadruplicate one copy to the Contracting Officer and three copies directly to the cognizant Technical Representative of the Contracting Officer. These reports shall include:
 - a. Report on the work performed to date.
 - b. Work plans for the next period.
 - c. An indication of the estimate of program completion.
 - d. Sketches, diagrams, photographs, etc. to show progress situation.
- 3. Final Report, Distribution same as interim reports
- 4. Operating and Maintenance Manual containing full operating instructions, discussion of the theory of operation, description of the actual circuits, illustrative diagrams, recommended maintenance procedures, as applicable.

o cech

l set

5. Drawings. These will consist of the working drawings used to construct the system, including mechanical layouts, complete electrical schematics, wiring diagrams and block diagrams electrical schematics, wiring diagrams electrical schematics electr

WARRANTY:

The Contractor warrants the equipment provided hereunder to be free from defects in materials and workmanship and further warrants the equipment completely for a period of 90 days from the date of acceptance at destination, excluding any misuse or improper handling.

DELIVERY F. O. B. AND INSTALLATION:

The Contractor shall deliver the unit to be provided hereunder f.o.b. installed at Washington, D. C., the exact destination to be provided by the Technical Representative of the Contracting Officer. The Contractor shall coordinate the time of arrival at destination with the Technical Representative as well as provide him with any special power requirements, etc. necessary to be provided at the installation site. This information will be provided as early as practicable before delivery.

REQUIREMENTS FOR CONTRACTOR'S PERSONNEL INVOLVED IN WORK ON GOVERNMENT PREMISES:

The Contractor agrees that he will assign to the work of installation to be provided hereunder only such persons as are citizens of the United States of America and approved by the Contracting Officer in advance in writing. For this purpose, the Contractor shall initiate to the Contracting Officer a "Request for Contract Security Authorization," Form 1841, for each individual at least four (4) months in advance of the scheduled date of such installation. The Contractor agrees that all contractor personnel performing the work under this contract will maintain a high degree of vigilance and diligence to prevent any damage or injury to Government property, equipment, or personnel in the vicinity of the work and to the greatest extent possible, avoid any interference with any plant operations that may be in process during the work performed hereunder. Further, the Contractor agrees that it would be his responsibility to see that any Government property or equipment damaged by his employees during the performance of such installation will be restored at his expense and to the satisfaction of the Contracting Officer.

STANDARDS OF WORK (JUNE 1959):

The Contractor agrees that the performance of work and services pursuant to the requirements of this contract shall conform to high professional standards.

The following provisions are incorporated in this contract by reference from the 1963 Edition of the Armed Services Procurement Regulation:

Paragraph 7-104.29(a) - Price Reduction for Defective Cost or Pricing Data

Paragraph 7-104.40 - Competition in Subcontracting
